For Immediate Release

DPAC Named to *M2M Magazine's* M2M 100 List

Hudson, OH, December 9, 2008 –[Quatech Inc.](#), a wholly-owned subsidiary of DPAC Technologies Corp. (OTCBB: [DPAC](#)) and a leader in wireless machine-to-machine (M2M) networking and device connectivity solutions, was recently named to M2M Magazine's Top M2M 100.

Released annually, the M2M 100 provides strategic insight into the machine-to-machine industry and fundamental information for M2M solutions. DPAC is among a list of distinguished businesses and emerging companies that provide cutting-edge technology in the M2M industry.

“Once again, we are pleased to be acknowledged by M2M Magazine as an innovative leader in the machine-to-machine industry,” said Steve Runkel, President and CEO of Quatech. “Our success has not only been defined by the industry’s most comprehensive line of embedded 802.11 and device connectivity products, but our exceptional customer service and support. Looking forward, we continue to meet the evolving needs of M2M customers, including the recent partnership with Springboard to provide Wi-Fi modules for the CONCIERGE® Shopping System and the release of one of the most advanced 802.11 embedded products, the Airborne Enterprise Class Wireless Device Server.”

More than 300 companies are considered for the top 100 list. Criteria for selection include: strength and number of customer references; establishment in the market; growth potential; and active involvement in and support for the M2M community.

About Quatech, Inc.

Quatech delivers high performance device networking and connectivity solutions to help companies improve their bottom line results. Its products enable reliable machine-to-machine (M2M) communications via secure 802.11 wireless or traditional wired networks, with industrial-grade embedded radios, modules, boards and external device servers, and bridges. For local and mobile

connections, Quatech's serial adapters provide secure connectivity and port expansion via any interface option.

Satisfied customers worldwide rely on Quatech's unique combination of performance and support to improve operations through real-time remote monitoring and control, streamlined systems, and lowest total cost of ownership (TCO). Quatech markets its products through a global network of distributors, resellers, systems integrators and original equipment manufacturers in the transportation, instrumentation and industrial control, homeland security, medical equipment, and logistics markets. Founded in 1983, Quatech is headquartered in Hudson, Ohio. Quatech merged with DPAC Technologies (OTCBB: [DPAC](#)) in February 2006. Information concerning DPAC is filed by DPAC with the SEC and is available on the SEC website, www.sec.gov.
